To Commissioner Henney

As a member of the Center  
for Biodefense in the Public  
Interest (CSP), I urge you  
to save human lives by banning  
the use of medically useful  
antibiotics in animal feed.  
Adding antibiotics to feed in  
order to promote growth can  
make bacteria resistant to those  
antibiotics. And that can leave  
physicians with no way to treat  
life-threatening bacterial infections  
in humans. That's why I support  
the petition filed by CSP.

Thank you for your time

Deborah Meltzer
